Being at home, yet being creative with daily style choices is the new trend and our vintage florals will help you look fresh and comfortable in the summer heat. While your catwalk audience is limited to confinement friends and family but social media remains the most accessible avenue to share new and creative outfit combos, colors and layers.

For most of us this is the opportunity to pursue neglected hobbies, valuable family time, and the chance to unleash suppressed creativity through styling our prints which give you the ease to play with.
